

Task 2 : The Landing Page

The website should have 3 pages. Landing page, login page and registration page.

- Create a landing page with 4 sections- **Home,news, about** and **contact**.
- Header section includes a **navbar** with home, news , about,and contact and should create a jump to sections.
- A registration and login page should be linked with the registration and login **button**, should be in the right corner of the navbar.
- The footer section include **contact** details with social media icons ,and should be properly linked with their websites.

Registration page

The image shows a registration form on a light gray background. At the top center is the title "Registration Form" in a large, bold, black serif font. In the top left corner, there is a red rectangular button with the word "Back" in white. The form fields are arranged vertically: "User id:" with a text input containing "userid"; "Password:" with a text input containing "Enter passowrd"; "Name:" with a text input containing "Enter your name"; "Address:" with a text input containing "Enter Address"; "Country:" with a dropdown menu showing "India" and a "Zip code" text input; "Email:" with a text input; "Gender:" with radio buttons for "Male" and "Female"; and "Language:" with a checked checkbox for "English" and an unchecked checkbox for "Non English". At the bottom left is a green rectangular button with the word "Submit" in white. On the right side of the form, there is a decorative 3D graphic consisting of several green cubes of different sizes, some stacked and some scattered.
